grow your own garden

An exciting new world awaits in your garden, have fun learning new ways to grow vegetables and plants.

magic shoots

Grow a mini vegetable or flower garden from an egg box to watch it grow day by day.

WHAT YOU WILL NEED:

- An old egg box
- Seedling compost
- A garden tray
- Seeds of your choice

STEP 1:

Choose a plant you'd like to grow. Choose from growing pretty wildflowers, that attract bees and butterflies such as daisies or microgreens as salad to put in a sandwich!

STEP 2:

Fill an egg box with seedling compost. Sow your seeds in the box as per the instructions on the seed pack.

STEP 3:

Place your egg box garden into a shallow plant tray. To stop the water from seeping out through the cardboard.

STEP 4:

Water the seedlings. Place on a windowsill that receives the most sunlight.

STEP 5:

Wait for the seedlings to emerge!
